Plan for Publication of the Demonstration Projects, and other Project Outcomes

Significant efforts were made during the inter-sessional period to prepare for publishing major outputs from project implementation. These outputs include the reports of SAP demonstration activities, joint stock assessments, and co-operative cruises. Editing work of the documents will be continued in early 2011. The final publications will be issued in March 2011. Table 1 summarises the publications to be released during the transitional period.

Table 1: Publications of Project’s activities and outputs (to be released in March 2011)

Publication	Format
Report of SAP demonstration activities	A book of abstracts of 21 demonstration activities with a CD of full reports
Report of joint stock assessments	A book of full national reports
Report of co-operative cruises	A book of a full synthesis report
National Strategic Action Programmes	A book of two full national strategies
Summary Book	A book consisting of five chapters describing achievements and lessons learned from project implementation
